Based solely on the name(s) and date of birth provided and the criminal record information declared by the applicant, a search of the RCMP National Repository of Criminal Records did not identify any records with the name(s) and date of birth of the applicant. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by fingerprint comparison. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.

Please note: this information is provided based on the identification information provided by the applicant. If there is any dispute between the information provided by the applicant, fingerprint comparison may be required, as previously consented in writing by the applicant.
